Meeting of the Town Council 28 October 2024 Agenda Item 16: Budleigh in Bloom

As the Council representative on Budleigh in Bloom, Cllr C M Cunningham has requested that the Council discusses the difficulties Budleigh in Bloom are having in undertaking their work of covering the planting and care of the various units around the town. This is due to the dwindling number of volunteers.

There are advantages to the town of having these floral displays. The risk is that BiB will be unable to continue the work without sufficient volunteers.

In addition, Cllr Cunningham has asked for clarification and a discussion of the financial support the Town Council gives BiB.
