Proposal: Construction of two dwellings and associated access
Amendments: Revisions to site layout and scale, design and appearance of dwellings
Letters Received: One letter of objection at the time the observations were made
Observations: This Council is unable to support the amendments as Members feel the proposed second floor dormers will overlook neighbouring properties and are overbearing.

This application is still contrary to the following Budleigh Salterton Neighbourhood Plan Policies:

H1(a) – it is not of modest scale in compliance with the Local Plan Strategies 1, 6, 21, 34 and 35)

H1(c) – it does not meet local housing needs which prioritise affordable housing as outlined in Strategies 21, 34 and 35 of the Local plan).

H2 – new housing should have regard for the scale, massing, density and height of buildings. This application doesn't meet this criteria.

H3 – new housing should be sensitively designed to reflect the character of the area and that of its neighbours

H3(a) – this application will result in overdevelopment and loss of amenity of neighbouring properties.

H3(c) – this development does not reflect the existing grain/density/pattern of surrounding developments. This application doesn't respect or enhance the local character.
